

TRIZ ENGINEERING

We provide forward-thinking solutions throughout the development & production process from planning, engineering, design, modification, and fitment.

SOLUTIONS WE OFFER

Engineering development

Body electrification

Chassis electrification

Control software

Telematics & data analytics

Simulation & analysis

Systems integration

Our engineering teams ensure that all vehicles are reliable, tough, and built to last.

VOCATIONAL ENGINEERING

Refuse

Concrete belt conveyor

Utility bucket crane

Crane

Concrete pumper

Concrete mixer

Street sweeper

Fuel tanker

Yard tractor

Cargo lift

Dump truck

Paint striper

Water blaster
